

Patient Record — Synthetic Prior Authorization Case

Dataset Type: Synthetic / fictional record for software prototyping and evaluation

Patient Information

Patient ID	SYN-PT-4005
Name	Gopal Singh (synthetic)
Date of Birth	1964-08-07
Age	62
Sex	Male

Referenced Policy

Policy ID	POL-006
Policy Name	Shoulder MRI Prior Authorization
Payer	Synthetic Health Plan C

Service Details

Service Requested	MRI Shoulder
CPT/HCPCS Code	73221
Diagnosis	Mild shoulder stiffness
ICD-10 Code	M25.619
Ordering Provider	Dr. S. Rao
Provider Specialty	Primary Care
Facility Name	Regional Imaging
Facility Type	Outpatient Diagnostic Center

Clinical Details

Severity	Mild
Neurological / Clinical Symptoms	Mild stiffness with preserved strength
Previous Treatment	Home exercise
Treatment Duration	2 weeks
Requested Quantity	1 study

Documentation Submitted

Documentation	Primary-care note
---------------	-------------------

Expected Policy Outcome

Outcome	DENY
---------	------

Note: This is synthetic data created for a prior-authorization software prototype. The outcome is a dataset label for testing and is not a real insurance coverage determination.
